

## **Photo Of The Day: Plates And Policy**

(AP) — In this Oct. 20, 2010, file photo Assistant White House Chef Sam Kass and first lady Michelle Obama participate in the White House Kitchen Garden Fall Harvest with students on the South Lawn of the White House in Washington.

Kass's job as personal chef to the Obama family is probably the least important part of his portfolio. He also is the White House senior policy adviser for healthy food initiatives. **(AP Photo/Charles Dharapak, File)**
