(AP) — In this Friday, March 26, 2010 file photo, a local fisherman carries a tuna at a fishing port in Nachikatsuura, southwestern Japan.

After defeating a proposal in 2010 to ban the export of an endangered fish that is a key ingredient of sushi, Japan and Asian nations argued it should be left to quota-setting international fisheries bodies to bring the species back from the brink. **(AP Photo/Koji Sasahara- File)**
