

Photo of the Day: What's Lurking in Your Salad?

(AP) — In this Thursday, Aug. 16, 2007 file photo, a lettuce worker washes romaine lettuce in Salinas, Calif.

Leafy green vegetables were the leading source of food poisoning over an 11-year period, federal health officials say, Tuesday, Jan. 29, 2013. However, the most food-related deaths were from contaminated chicken and other poultry. **(AP Photo/Paul Sakuma, File)**
