## **Recall: Glass Shards Found in Lean Cuisine Ravioli**

ANCHORAGE, Alaska (AP) — Alaska environmental regulators say Nestle Prepared Foods Co. has issued a recall of Lean Cuisine mushroom ravioli after consumer reports that glass shards were found in the product.

Officials say affected packages of Culinary Collection Mushroom Mezzaluna Ravioli have production codes of 2311587812 and 2312587812. Both codes have a "best before" date of December 2013.

The Alaska Department of Conservation says the product was available in the state. It was distributed in November.

Officials say there have been no reports of injuries or illnesses.
