

Cake Finishing Center

Lindsey Jahn, Associate Editor

The Cake Finishing Center is an all-in-one icing machine that can top- and side-ice round cakes and quickly add borders. Product features include:

- Top- and side-ice round cakes, and then top decorate with one machine
- Add top shell borders automatically
- Top rosette decorating with custom built head
- Complete cake icing, decorating and finishing
- Automatically adjusts top- and side-icing mechanism to suit icing consistency
