Dry Brush

Company's new brush line features full color coding, higher efficiency and better ergonomics. The brushes include a handheld scrub brush, long-handled brushes and short-handled gong brushes. The brushes have low water absorption bristles that are set with stainless steel staples. They are made from FDA-compliant materials with hygienic, solid block polypropylene construction. The soft bristles are designed for brushing dry, fine particles, such as dust, flour, icing or sugar. It is also used as a dustpan brush on floors. Product is 1.6 inches wide and 14 inches long.
