

Shelf-Stable Packaging

Food Manufacturing Staff

These flexible retort packaging products include a range of foil and non-foil pre-made retort pouches, along with easy-peel retort lidding for Company's line of retort cups, trays and aseptic packaging. The expanded shelf-stable packaging portfolio now encompasses aseptic laminations, pre-made retort pouches, retort cups, trays and lidding. Customized shapes and barrier options, as well as easy-to-open and reclose features are also available.
