[VIDEO: Why a 200-Year-Old Brewer Turned to Robots](#)

January 28, 2015 3:20 pm | by Wall Street Journal

Videos

Published on Food Manufacturing (<http://www.foodmanufacturing.com>)

Some things in business simply cannot be hurried. Badische Stattsbrauerei Rothaus in Germany hasn't changed the recipe of its beer since the 1790s, but the company needed to change the way it packaged its bottles. So, it turned to robots.

[Happy Birthday, Beer Can! Cheers to 80 Years](#)

January 27, 2015 2:30 pm | by Kari Imberg, Associate Editor, Food Manufacturing

On Jan. 24, 1935, Krueger Brewing of Richmond, Virginia sold the very first beer can. While the beer cans of 80 years ago don't look too different from the cans of today, consumers had to actually *crack open a cold one* by using a can opener.
